

Mentoring meetings 08

Evenings

Evening meeting will be on the following dates:

22nd Jan

18th March

4th June

25th September

20th November

I have thought long and hard about apportioning topics and skills to sessions.

I propose that I send you an email reminding you that an evening meeting is approaching, and ask for learning needs from those who wish to come. If they are too disparate and I can't cover them all, I'll advise you which I will be covering. In all cases, I'll send out a programme in advance of each evening listing what will be included.

Daytime

There are also 2 whole day Mentoring skills meetings in 2008. These are

14th May and

30th October

The first will be a complete skills training programme (covering, *inter alia* beginning and ending a relationship, challenge skills and other interventions, and facilitating action planning). The second will either be a repetition of the first day, or be a more advanced course, according to interest and need.
